This coverage does not qualify as "Minimum Essential Coverage" (MEC) as defined in the Affordable Care Act and may not cover all Essential Health Benefits in your state. And, while enforcement of the federal tax penalty is not occurring in 2021, some states may impose a tax penalty if you do not have MEC coverage. This is an outline only and is not intended to serve as a legal interpretation of benefits. Reasonable effort has been made to have this outline represent the intent of contract language. However, the contract language stands alone, and the complete terms of the coverage will be determined by the policy. It is important to note there are **Exclusions and/or Limitations and Plan Provisions**. This plan is medically underwritten. **No benefits will be paid for a health condition that exists prior to the date insurance takes effect.**

Round out your coverage

Telehealth two ways

If you're looking for coverage for virtual visits, your Short Term Medical plan can help.

1. By adding the Virtual Care Benefit¹ to your plan, you can use Amwell to visit with a doctor 24 hours a day, 7 days a week to get quick care and a prescription when needed. With no appointments or long wait times, it's a great option for care when you think you might have the flu, sinus infection, cough, cold, fever, pink eye, nausea and more. You can have unlimited \$0 cost video visits with a doctor when you need it.
2. If a regular network doctor offers telehealth services, you can take advantage of that service at network negotiated lower rates. Your plan's deductible and coinsurance rates apply.

Accident benefit

The Supplemental Accident Benefit¹ can help cover your deductible or other out-of-pocket medical costs (before insurance starts paying covered expenses) for accident-related injuries. You choose the benefit level amount you want, and it's paid per accident, per covered person. See page 13 for more details.

Dental and Vision

Consider help for other regular expenses not covered by health insurance with standalone Dental and Vision coverage.¹ Dental insurance can provide benefits for services ranging from routine cleanings to root canals, while vision insurance covers routine eye exams and can help pay for glasses, contacts or both.

¹Additional premium is required for coverage.

Amwell and UnitedHealthcare are not affiliated and each entity is responsible for its own contractual and financial obligations. Dental and Vision require separate applications, and separate policies are issued. For costs, benefits, exclusions, limitations, eligibility, waiting periods and renewal terms, contact your broker.

What to Expect from Short Term Medical plans

Here are some of the most common questions, and answers, on Short Term Medical. We want you to feel confident that a short term plan is right for you.

What are preexisting conditions and does a short term plan cover them?

No. Short Term Medical plans generally don't cover expenses related to preexisting conditions. This means, your plan won't cover costs if:

- You're currently taking medicine or getting treatment for an illness, injury or condition
- You've had a condition in the past that resurfaces
- You're already pregnant before signing up for a plan

However, if two (or more) short term plans are applied for in a single instance (also known as back-to-back or consecutive coverage), then any condition you first develop while covered with the first plan will not be considered as a preexisting condition on the next plan.

If you need coverage for preexisting conditions, exploring Affordable Care Act insurance options may be your best choice.

How is preventive care covered?

The cost of preventive care services applies toward your deductible, then your coinsurance. This means you will likely have to pay for preventive care services out of pocket, but these costs are applied to your deductible. When you meet your deductible, then the services are subject to your share of coinsurance. Remember, when you use a network provider, you are saving each time because providers have agreed to lower rates than you would pay without insurance.

What preventive care is covered?

Preventive care covered by your plan is very specific, limited to routine physicals, immunizations, mammograms, PAP smears, prostate checks and some preventive care for children on the plan. Immunization services that qualify as children's preventive health care services are exempt from any deductible, coinsurance or copayment amounts. See page 9 for details.

If I'm responsible for more out-of-pocket costs with a high deductible, what am I getting out of my plan?

While having a higher deductible means you agree to pay more before insurance starts to pay, those payments are not the only way your Short Term Medical plan "pays" for itself. Network providers agree to lower rates for your care. So even if you're still paying on your deductible, what you're paying is less than you would pay without your Short Term Medical plan.

How does prescription drug coverage work?

Plans have payments that apply to your deductible.

Exclusions/Limitations

(insurance plans)

This is only a general outline of the exclusions. It is not an insurance contract, nor part of the insurance certificate. You will find complete details in the certificate.

Some states may require that you have Minimum Essential Coverage in order to avoid a penalty. The Short-term, limited duration insurance benefits under this coverage do not meet all federal requirements to qualify as “Minimum Essential Coverage” for health insurance under the Affordable Care Act (“ACA”). This plan of coverage does not include all Essential Health Benefits as required by the ACA. Preexisting Conditions are not covered under this plan of coverage. Be sure to check your Policy/Certificate carefully to make sure you understand what the Policy/Certificate does and does not cover. If this coverage expires or you lose eligibility for this coverage, you might have to wait until the next open enrollment period to get other health insurance coverage. You may be able to get longer term insurance that qualifies as “Minimum Essential Coverage” for health insurance under the ACA and help to pay for it at www.healthcare.gov. Be sure to check your Policy/Certificate carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs and mental health and substance abuse use disorder services). Your Policy/Certificate might also have lifetime and/or dollar limits on health benefits.

General Exclusions and/or Limitations

Benefits will not be paid for services or supplies that are not administered or ordered by a doctor and medically necessary to the diagnosis or treatment of an illness or injury, as defined in the certificate.

No benefits are payable for expenses:

- For a preexisting condition: Any illness, injury or condition for which medical advice, care or treatment was recommended or received within the 24 months immediately prior to the covered person’s effective date; or any illness, injury or condition for which any diagnostic procedure or screening was recommended to or received by a covered person within the 12 months immediately prior to the covered person’s effective date that results in medical care or treatment after the covered person’s effective date; or any illness, injury, condition or symptom(s) that, in the opinion of a doctor, manifested itself in a manner that would have caused an ordinarily prudent person to seek medical advice, diagnosis, care, treatment or further evaluation within the 12 months immediately prior to the covered person’s effective date; or a pregnancy existing on the effective date of coverage.

NOTE: Even if you have had prior GRIC coverage and your preexisting conditions were covered under that plan, they will not be covered under this plan.

- For non-emergency services or supplies received from a provider who is not a network provider, except as specifically provided for by the certificate.
- That would not have been charged if you did not have insurance.
- Imposed on you by a provider (including a hospital) that are actually the responsibility of the provider to pay.
- For services performed by an immediate family member.

- For cosmetic treatment.
- For diagnosis or treatment of learning disabilities, attitudinal disorders or disciplinary problems, except as provided for in the certificate.

Plan Provisions

(insurance plans)

This is only a general outline of the provisions. It is not an insurance contract, nor part of the insurance certificate. You will find complete details in the certificate.

Optional Supplemental Accident Benefit for Short Term Medical Plans

Form SA-S-1996G-GRI

Reduce or eliminate your out-of-pocket exposure for an accident-related injury for additional premium. Supplemental Accident benefit pays for treatment of an unexpected injury within 90 days of an accident. The benefit maximum amount (\$2,500, \$5,000, \$7,500, \$10,000 or \$15,000) is per accident, per covered person.

Optional Consecutive Term Rider

Form SA-S-1993G-GRI

An optional benefit is available during the initial application to apply for a second plan. This would provide a continuous, uninterrupted period of coverage for the two plans when applied for together. Continuous, uninterrupted period of coverage means a period of coverage beginning when your first plan with us becomes effective and continuing, without a gap in coverage, to the end of a second plan with us. Coverage with us before the first plan or after the second plan will not be considered continuous, uninterrupted period of coverage.

- A condition that began before the effective date of the first plan with us is subject to preexisting limitations.
- A condition that began during the first plan term with us will not be a preexisting condition under the second plan term with us.

- For each of the two plans, you must meet a plan deductible, coinsurance and coinsurance out-of-pocket maximum.
- The option for consecutive plans results in higher prices for your two plans.

Coordination of Benefits (including Medicare)

If after coverage is issued, a covered person becomes insured under another health plan or Medicare, benefits will be determined under the Coordination of Benefits (COB) clause.

COB allows two or more plans to work together so the total amount of all benefits is never more than 100% of covered expenses. COB also takes into account medical coverage under auto insurance contracts. To determine which plan is primary, refer to “order of benefits” in the certificate.

Dependents

For purposes of this coverage, eligible dependents are your lawful spouse and eligible children. Eligible children must be unmarried and under 26 years of age at time of application.

Eligibility

At time of application, the primary insured must be a minimum of 19 years of age.

Effective Date

Expenses for injuries and illnesses are eligible for coverage as of your plan’s effective date. Your certificate will take effect on the later of:

- The requested effective date on your application; or
- The day after the date received by GRIC,* but only if the following conditions are satisfied:
 - A. Your application and the appropriate premium payment are actually received by us within 15 days of your signing;**
 - B. Your application is properly completed and unaltered;
 - C. Your application is approved after review by GRIC.
 - D. You are a resident of a state in which the certificate form can be issued; and
 - E. If the application is submitted by an agent or broker, the agent or broker is properly licensed and appointed to submit applications to GRIC.

* If mailed and not postmarked by the U.S. Postal Service or if the postmark is not legible, the effective date will be the later of: (1) the date you requested; or (2) the day after the date received by GRIC. If the application is sent by any electronic means including fax, your coverage will take effect on the later of: (1) the requested effective date; or (2) the day after the date received by GRIC.

** Your account will be immediately charged.

Plan Provisions continued

(insurance plans)

Eligible Expense

An eligible expense means a covered expense as follows:

- Network Providers: The contracted fee for the provider.
- For Non-Network Providers: As defined in the certificate.

Emergency

“Emergency” means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in: placing the health of the covered person (or unborn child) in serious jeopardy; serious impairment to bodily functions; or serious dysfunction of any bodily organ or part.

No Non-Network Benefits

- **These plans only pay benefits for eligible expenses from a network provider.** Visit UHOne.com to search for providers. (No benefits are payable for non-emergency care from a non-network provider).
- Emergency treatment from a non-network provider will be treated as a network eligible service. This means you will owe the difference between what the non-network provider bills and what we pay for a network eligible expense.

Non-Renewable

Short Term Medical plans are issued for a specific period of time. We may cancel coverage if there is fraud or material misrepresentation made by or with the knowledge of a covered person in filing a claim for benefits. Coverage will remain in force until the termination date shown in your certificate. We will notify you in advance of any changes in coverage or benefits, unless the certificate terminates earlier for any reason stated in the Termination section.

Rating Factors

The chosen plan design, gender, issue age, tobacco use, area of residence, effective date of coverage, number of insureds covered under the product, coverage term and election of optional benefits are some of the factors used in determining your premium rates. Any coverage period during the term that is less than a full month will be prorated.

Termination

The certificate will terminate on the earliest of:

- The primary insured’s death. If the certificate includes dependents, it may be continued after the primary insured’s death by a spouse, if a covered person; otherwise, by the youngest child who is a covered person.
- Nonpayment of premiums when due.
- The termination date shown on the Data Page of the certificate.
- The last day for which premium has been paid, following your request to terminate the certificate.
- The end of the premium period on or after the primary insured’s 65th birthday, if primary insured is the only person on the plan.
